

**PTIB Registration Number: 2572**

**The Institute of Technology Development of Canada holds a designation certificate by the Private Training Institution Branch**

**APPENDIX A – Schedule of tuition rates and other fees**

Although the student may be enrolled in a multi-year program, the student is not charged tuition fees for more than a 12 month period in an Enrollment Agreement. Fees are charged at the beginning of the 12 month period of study. As no Enrollment Agreement is more than 12 months in duration, multi-year programs require more than one Enrollment Agreement in order to complete the program of study. Section C of the Enrollment Agreement sets out the duration for which the tuition fees of this Appendix A apply. Students should refer to their signed ITD Student Financial Plan for program tuition totals and payment planning purposes. For International Students to enroll in any of the diploma programs, **a deposit towards tuition must be paid in advance. Please refer to your payment plan for details.**
